Course Description

THR-214 Audition Techniques is a practical course which helps the student investigate, select, and prepare audition material appropriate to the individual and the audition call. The course includes exercises in handling “cold” readings and in learning to look at auditions from the casting director’s point of view.  
2 lectures, 2 credits

Student Learning Objectives: As a result of meeting the requirements of this course, students will be able to

1. Audition for roles in professional, community, and educational theatre
2. Utilize acting techniques to become more adept at auditioning
3. Understand the business aspects of the theatre profession
4. Explore the technological resources available to aid with finding auditions, promoting oneself, and acquiring an agent
5. Develop cold reading skills
6. Perform three prepared audition pieces (monologues)
7. Identify a photographer to take headshots and be able to select the type of pictures needed for a career in the theatre and create a professional looking resume.
8. Understand the requirements of a musical theatre audition
Objectives will be assessed as follows:

1. By practicing cold reading of a wide variety of scripts, working up three audition pieces, exploring acting techniques to aid in auditioning, developing a resume, acquiring 8 by 10 theatrical photos, and understanding the business of the theatre profession, the students will be ready to audition for the professional and non-union theatre.

2. Acting techniques will be explored through class exercises, improvisations, cold readings, script analysis, and performance of monologues.

3. Students will be able to map out their career by learning about agents, managers, unions, self-promotion, pictures and resumes, types of auditions, and resources for identifying auditions.

4. Students will demonstrate their understanding of technological resources, such as Actors Access, by scheduling possible auditions and/or interviews for themselves utilizing the Internet.

5. Cold reading skills will be developed through a series of readings, which become increasingly more challenging, moving from contemporary scripts to classical material.

6. Three memorized monologues will be rehearsed and critiqued in class and then presented in a “mock” audition setting.

7. Students will receive guidance in selecting a photographer to take their theatre headshots. Purchase of photos is optional. However, the composition of an acting resume is a requirement of the course.

8. A brief dance routine will be learned and presented by the class, and actors who are singers will sing 16 measures from a ballad and/or an up-tempo song. They may choose to sing an entire song or songs. All students will cold read material from various musical scripts.
Course Content

**Audition Techniques** – This course is a practical workshop that should enable students to audition successfully in the professional and non-union theatre. Students will learn about both the artistic and business aspects of auditioning. Cold reading skills will be developed and the students will prepare and present three audition pieces (monologues). How to audition for musical theatre will be explored. Students will create an acting resume and be guided in selecting a photographer to take their headshots. They will learn about the business aspects of theatre and the many technological resources available to them for promoting their work.

Technological Literacy

Technological literacy and/or information literacy is one expectation of this course. Students will be encouraged to utilize the many technological resources available to them, such as Actors Access, Facebook, YouTube, etc. in promoting themselves and identifying auditions.

Course Texts and/or Other Study Materials

**Required:** “Audition”, by Michael Shurtleff, Bantam Books, 1986

Any Collection of Theatre Monologues: Theatre monologues from plays or even cut from a novel or short story are acceptable. Solo pieces not within a play or piece of literature are not recommended. Monologues, which are found on the Internet that are not from a play and/or which are from a film, are also not recommended.

Suggested Monologue Collections in the BCC Bookstore:

Soliloquy, the Shakespeare Monologues, one for men and one for women, edited by Michael Earley and Philippa Keil, Applause Books, 1988
Grading Policy

Attendance, preparation, and active participation 10%
Three monologues (15% each; includes rehearsals in class)* 45%
Midterm and final presentations (each worth 10%) 20%
Cold readings & class exercises 15%
A typed theatrical resume 10%
100%

*Extra Credit: A fourth monologue, fully memorized and performance ready, will merit an extra 5% or ½ of a letter grade.

Criteria for Evaluation:

Attendance, preparation and active participation:
a. Consistent attendance
b. Preparation of three memorized monologues
c. Completed assignments
d. Overall demonstration of comprehension of the course material
e. Active participation in class exercises, improvisations, and in discussions evaluating the work presented

Three Monologues: The presentation of three audition pieces (monologues) is a major requirement of this course. Monologues are graded on a class-by-class basis. Rehearsing them in class is part of the overall grade. Also, no monologue receives a grade in the midterm or final if it is not memorized. Memorizing a fourth monologue is encouraged and strongly recommended, but not required. This will receive extra credit amounting to a half of a letter grade, but only if the monologue is completely memorized and performance ready.

Midterm and Final Presentations: Two memorized and rehearsed monologues are presented back to back as if at a real audition. The student will state his/her name and the plays from which the monologues have been cut and then perform the pieces. The final presentation combines the third monologue with either the first or second piece. If the student has learned a fourth monologue, this may also be combined with the third.

Cold Readings and Class Exercises: Three levels of cold readings will be practiced in class: the first will consist of readings from contemporary plays in which students will have an opportunity to read with a partner in advance; the second level will consist of readings from classical plays without the benefit of preparing with a partner; finally, the third will consist of readings from musical theatre scripts, also without previous rehearsal with a partner. In addition to cold readings, students will participate in exercises and improvisations relating to auditioning.
**A Typed Theatrical Resume:** Each student will submit a typed, professionally formatted acting resume. If some of the students have very few or no credits, they will create a resume listing any theatre related training or special skills.

90 -100 = A  
86 - 89 = B+  
80 - 85 = B  
76 - 79 = C+  
70 - 75 = C  
65 - 69 = D  
E = Unofficial Withdrawal  
W = Official Withdrawal  
INC = Incomplete  
0 - 64 = F

Students will be permitted to perform their midterm and final presentations late, if they are either absent or not prepared the day of the presentation. However, one letter grade will be deducted from the grade of the presentation. Monologues, which are not memorized, are not eligible for a grade. Frequent calling for lines during these presentations also lowers the grade.

**BCC Attendance Policy**

All students are expected to attend punctually every scheduled meeting of each course in which they are registered. Because the course grade depends heavily upon class participation, missing more than 2 classes will drop the grade. 3 classes missed equals a B to a B plus depending upon participation, 4 classes – a C to a C plus; 5 classes – a D, and more than five a failure in the course.

Students will be evaluated on attendance and participation in class using the following criteria: consistent attendance; evidence of studying text and assignments; completed daily assignments; quality classroom responses. If a student is not prepared with the assignment for the day, he/she will not receive credit for it for that particular class.

**Course Outline:**

*Note to Students:* This Course Outline and Calendar is tentative and subject to change, depending upon the progress of the class.
