Special Features of the Course (if any) [to be designated by the instructor]

E.g., the use of learning technologies in the course (Internet, PowerPoint, etc.); the inclusion of technological literacy and/or information literacy learning in the course; etc.

Course Texts and/or Other Study Materials

Valuable Texts for Reference:
Research, Thinking, Writing, and/or Examination Requirement(s)

All students in the Substance Abuse Counseling course will be expected to engage in one or more written assignments. These assignments may be essay questions on one or more tests, an essay test, or a short written report based on outside readings or activities.

Students should be encouraged through classroom activities to think about, analyze, and use basic sociological concepts in the analysis of substance abuse counseling issues. Memorization of key concepts and theories should be thought of as the first, not the final, stage of learning significant course materials.

Grading Policy

In determining a student’s semester grade, a minimum of three, and preferably more, grading mechanisms should be employed. Multiple choice, matching, fill-in, true/false, and short answer questions are appropriate. Term projects and research reports may be utilized, as well as essay questions based on outside readings should be considered. If a web site for the course is developed (this is encouraged), students may also be evaluated on the basis of their participation in online discussions. Online exams are acceptable, if they are one of several assessment tools.

Grading System:
Students will be presented with a grading system for the course on the first day of the semester. The grading system will include, at a minimum, two or three components:
   1. A scale for determining grades A-F, such as the following:
      a. A = an average of 90 or higher
      b. B+ = an average between 87 and 89
      c. B = an average between 80 and 86
      d. C+ = an average between 77 and 79
      e. C = an average between 70 and 76
      f. D = an average between 65 and 60
      g. F = an average lower than a 65
   2. An explanation for the value of course components can include as per the following:
      a. 3 tests: each test represents 25% of the final grade for a total of 75%
      b. 1 short paper: represents 20% of final grade
      c. attendance/participation represents 5% of final grade, or if online,
      d. 5 online discussions: each discussion is 20% of final grade for a total of 100%
Attendance Policy

BCC Attendance Policy:
All students are expected to attend punctually every scheduled meeting of each course in which they are registered. Attendance and lateness policies and sanctions are to be determined by the instructor for each section of each course. These will be established in writing on the individual course outline. Attendance will be kept by the instructor for administrative and counseling purposes.

Sociology Discipline Attendance Policy:
The discipline has agreed to leave attendance policies up to the discretion of each course instructor.

Attendance Policy in this Course:
To be determined by the instructor
