Basic Information About Course and Instructor

Semester and Year: Spring 2011
Course and Section Number: [e.g., ANT-101-001] ART-298
Meeting Times and Locations: W-325; Thursday, 9:10-1:30

Instructor: Asst. Prof. Claire McConaughy
Office Location: W-314
Phone: 201-447-7621
Departmental Secretary: Barbara Bliss 201-447-57143
Office Hours: (Office located in room W-314) Tu 1:30-3:30, W 8:30-9am, Th 8:30-9am and by appointment.
Email Address: cmcconaug@bergen.edu

Course Description

Official Catalog Course Description: ART-298 Interactive Multimedia teaches the basics of creating interactive projects for the web using select software packages. Students will create projects such as websites, animations and simple games.

List lecture hours, laboratory hours, and credits as applicable, e.g.,

_2_ lectures, _2_ labs, _3_ credits

Prerequisites: ART-189 or ART-197

Student Learning Objectives: As a result of meeting the requirements in this course, students will be able to

- use the tools, interface and capabilities of Adobe Flash including ActionScript 3.0.
- critically evaluate (aesthetically and technically) your own work and the work of others.
- design and create Flash projects including websites, animations, and simple games.

Assignments are evaluated based on achievement of technical concepts, attention to detail, and originality of approach. Class participation is evaluated based on contributions to discussions, presentation of work and group interaction. The major assessment types utilized in this course are class discussions, graded homework assignments, and a final project.
Means of Assessment

The major assessment types utilized in this course are class discussions, graded homework assignments, and a final project.

Course Content

The course is intended to introduce students to creating interactive web-based projects. Therefore, the course includes the following (mandatory) components:

2. Using Adobe Flash to create animation, interactive web experiences, and simple games.
3. Basics of Action Script 3.0
4. Image creation for the web using Adobe Photoshop and Adobe Illustrator.
5. Sound and video used in interactive web projects.
6. Basic design skills for the web.

Special Features of the Course (if any)

Interactive Multimedia will use Adobe Flash, Dreamweaver, Illustrator, and Photoshop CS5.

Course Texts and/or Other Study Materials

The textbook is an excellent resource and will support your learning outside of the classroom.

"Visual Quickstart Guide Flash CS5 Professional" by Katherine Ulrich; Peachpit Press
ISBN-10: 0321704460
Retail price: $34.99

A portable USB Drive with at least 2.0 GB of memory. You must back up all of your work. Approximate price $18.00

Research, Writing, and/or Examination Requirement(s)

Students will be expected to create a minimum of six flash projects during the course of the semester. Five of them will be homework assignments and the final project will be a larger, more expanded project that includes animation and interactivity. Emphasis will also be placed on a demonstration of the student's originality and design skills.

Grading Policy

A student's final grade for the course is based primarily on his or her performance on the required work for the course (graded homework assignments and final project) and on his or her overall mastery of the material covered in the course. A student's class participation will also be evaluated, and the grade thereon will be used as a factor in determining the student's final grade for the course; but a class participation grade will count for no more than thirty percent (30%) of the final grade.
Grades follow these criteria:
A = Student whose work and work ethics display exceptional effort and care
B = Student displays good work ethic, completes assignments with thought and care
C = Average work and average effort
D = Student presents below average work and displays little effort in completing assignments
F = Student does not complete assignments and/or attend class

For final grading purposes:
- Homework and class projects 35%
- Class participation 30%
- Final project 35%

Attendance Policy

BCC Attendance Policy:
All students are expected to attend punctually every scheduled meeting of each course in which they are registered. Attendance and lateness policies and sanctions are to be determined by the instructor for each section of each course. These will be established in writing on the individual course outline. Attendance will be kept by the instructor for administrative and counseling purposes.

Append a statement on the departmental/discipline attendance policy (if any).

Append a statement on the attendance policy for the course.

Attendance will be taken during each class period. Success in a studio art class is dependent upon the student's participation in the studio activities and interaction with other students. Skill and knowledge is acquired as much by doing and participating as it is by reading and responding. This cannot occur if a student is not in class. Therefore, three unexcused absences will result in the lowering of a full letter grade at the end of the semester. Late arrivals and early departures will be noted and count as a half of an absence. Frequent absence and/or tardiness will result in the failure of the course.
