The Faculty Senate "Policy on the Selection of Texts and Other Instructional Materials," states that "individual faculty members and/or departments should strive to select texts, whenever possible, that are most affordable for students."

Grading Policy

A grade in this course will be determined by several mechanisms. One would include physical demonstrations, reading/writing assignments such as; completion of a journal and appropriately designed exams.

Attendance 30%
Participation & Effort 30%
Asana & Vinyasa demonstration 30%
Journal & Writing Assignments 10%

Attendance Policy

Students are allowed one absence per semester. After this every two absences will deduct a half a grade from their attendance and participation grade.

BCC Attendance Policy:

All students are expected to attend punctually every scheduled meeting of each course in which they are registered. Attendance and lateness policies and sanctions are to be determined by the instructor for each section of each course. These will be established in writing on the individual course outline. Attendance will be kept by the instructor for administrative and counseling purposes.
Lateness Policy & Special Requirements

Due to the sequential nature of the class and in order to prevent strain or injury, students should allow sufficient time to change and set up their mats so that they may begin class promptly. Attendance will be taken at the beginning of class. Students arriving after attendance has been taken must see the instructor after class to be marked present and late. If the student does not see the instructor they will be marked absent. Two late classes will count as an absence. It is advisable for students to purchase their own Yoga mats to bring with them to class and for use at home. For ease of movement and safety students should wear comfortable clothes no jeans, and remove bulky jewelry. It is best not to eat at least one hour before practicing Yoga postures.

Course Calendar

Each class will incorporate breathing and meditation to clear the mind, warm up and core connected movement to prepare the body and will introduce or review 5-8 postures (asanas) or sequences (vinyasas) as listed below. Students are encouraged to practice what they are shown in class at home for 5-15 minutes per day.
