

## Bergen Password Policy

Please follow this policy when changing your Domain Password

- 1) Password History is 6. 6 previous passwords (history) will be remembered.
- 2) Minimum password age is 60 days.
- 3) Minimum password length is 8 characters.
- 4) Password complexity is enabled.

Password must meet complexity requirements:

This security setting determines whether passwords must meet complexity requirements.

If this policy is enabled, passwords must meet the following minimum requirements:

- 1) Not contain the user's account name or parts of the user's full name that exceed two consecutive characters  
Be at least Eight characters in length
- 2) Contain characters from three of the following four categories:
  - English uppercase characters (A through Z)
  - English lowercase characters (a through z)
  - Base 10 digits (0 through 9)
  - Non-alphabetic characters (for example, !, \$, #, %)

Complexity requirements are enforced when passwords are changed or created.
