## FACULTY: Textbook Reserves

The library purchases many of the textbooks used in BCC courses for its reserve collection at the Service Desk. However, textbooks that are late additions to the bookstore list may not make it to our shelves. To make sure that the Library owns a copy of the textbook used in your course, check our online catalog at <https://bergenccl.on.worldcat.org/courseReserves/landing>.

If you do not see your course textbook or need other materials placed on reserve, please email us at [reserves@bergen.edu](mailto:reserves@bergen.edu) or call the Service Desk at x7970.

Also, consider placing your personal copy of a book on “Teacher Reserve.” We return “Teacher Reserve” items to you at the end of the semester, or earlier upon your request.
